Per LPD: Operation Blue Light Delivery

With the current COVID-19 situation, we understand that there may be some citizens in our community who are unable to venture out and get groceries or medications they need. These are our senior citizens or families that have medically susceptible members that cannot risk exposure to the general public. As of tomorrow, we will be implementing Operation Blue Light Delivery. Anyone who is shut in or unable to venture out for groceries or medication, due to being in a high risk category for COVID-19, can call 615-257-6001, ext. 3015, and speak to Ms. Kathy Collinsworth, Administrative Assistant to the Chief, to schedule a pick up and delivery of groceries or prescriptions. Below are the steps involved in participating in Operation Blue Light Delivery:

- Citizen places and pays for their grocery store or pharmacy order. They will receive a pick up date and time, as well as a confirmation number.
- Citizen will call Kathy Collinworth, between the hours of 9a-5p Monday through Friday, with confirmation of order and scheduled pick up day and time. Both pick up and delivery addresses have to be within the city limits of Lebanon.
- Ms. Collinworth will arrange for a CERT member, or other LPD personnel, to pick up and deliver the order to the participating citizen.
- The LPD personnel will knock or ring the bell to notify the citizen of delivery, but will not make contact. They will however wait on location until the participant retrieves the delivery, to help avoid theft.

Our partners over at the Wilson County Sheriff's Office, through the SCAN program, do a similar process, we are just simply aiding them to reach those within the city limits.
